Values

- Respect

Aims

Together we will create and sustain a welcoming and inclusive environment. Through meaningful and positive reflection, we ensure a sense of achievement for all. In our learning we will be creative, motivate and challenge each other.

Our school ethos is to ensure a warm welcome for all, ensuring we provide the support and challenge to enable learners to meet their full potential. We work hard to make our school an inclusive and nurturing environment where everyone is valued, respected and achievements-however small-are celebrated.

Contact Us

The school welcomes suggestions and enquiries from parents and carers.

If you need to find out something

We can be contacted by e-mail, telephone, group call text messages or face to face. Where it is not possible to resolve enquiries straight away, we will make arrangements to follow up as necessary with the most appropriate member of staff.

Comments, Complaints and Compliments

A comment might be some brief feedback about how we have handled a situation or delivered a service. It is best to pass a comment straight to the school so that we can take any necessary action.

If you are not happy with the response you receive or a decision that has been made, you can 'Ask us to Look Again'. You can do this by contacting ParentalInvolvement@dumgal.gov.uk. At this point an Officer will contact you, discuss the issue and direct your enquiry as appropriate.

Remember you can also access Dumfries & Galloway Have Your Say at www.dumgal.gov.uk

If you remain dissatisfied, the Education and Learning Directorate operate within the complaints handling procedures for Dumfries and Galloway Council. Information on this can be found at www.dumgal.gov.uk

How the School Works

Class Organisation

For organisational purposes, schools are structured into classes. Each year it is the responsibility of the Headteacher to organise the class structure.

For more information, on School class sizes and grouping please visit www.dumgal.gov.uk/article/16646/School-class-sizes-and-groupings

Class sizes are based on the Scottish Government guidelines. It says no single age class should exceed a maximum size of:

Primary 1 = 25

Primary 2 and 3 = 30

Primary 4 to 7 = 33

Composite classes are made up from two or more year groups. Composite classes have a maximum size of 25.

We have a total of 10 classes with a mixture of composite and non-composite classes throughout the school. We have a Learning Centre and a Nursery within our school.

For more information please see the [Education Authority Handbook](#)

Positive Behaviour and Celebrating Success

As a Rights Respecting School, Noblehill Primary is committed to ensuring that children's rights are embedded in our ethos and culture. We are committed to providing a happy, safe, welcoming, nurturing, calm and purposeful school environment in which:

- every member of the school community has the right to feel valued, respected and betreated fairly

- our young people can learn effectively and reach the highest standards of which they are capable i.e. Be All They Can Be!

Good behaviour and mutual respect is essential to ensuring that high quality learning and teaching can take place and we believe that a positive whole school approach is the most appropriate means to achieving this goal. The aim of our Respect Policy is to ensure consistency of approach within our entire school community.

As a Rights Respecting School we are committed to promoting and supporting equality and good relationships. We know everyone in our school is entitled to three basic rights:

The right to learn

The right to be treated with respect

The right to be safe

Our approach to managing behaviour is based on developing our children's understanding of these rights and their role and responsibility in ensuring these rights are maintained by and for all members of our school community. We base our restorative practice on the six nurture principles and positive relationships amongst everyone.

Rewards

Staff will consistently recognise positive behaviour and achievement in a variety of ways:

- verbal praise
- written praise on work
- regular encouragement
- high quality feedback
- use of visual recognition eg stamps, stickers

- Star cards
- classroom displays
- celebrating achievement at assemblies
- other rewards as appropriate

Curriculum for Excellence

Curriculum for Excellence (CfE), now known as 'Scotland's Curriculum,' is bringing learning to life in the way education is delivered for all 3-18 year olds in nursery, primary, secondary, at college and via workplace or community learning. It aims to respond and adapt flexibly to meet the needs of an ever changing and evolving world and Scotland's place within it. At its heart lies a constant commitment and drive towards excellence and equity, to raise standards, improve knowledge, develop skills for all learners and close the gap between the lowest and highest achievers by ensuring everyone has an equal opportunity to be successful, no matter what their background or circumstances. Ultimately, it aims to nurture children and young people as successful learners, confident individuals, effective contributors and responsible citizens.

Broad General Education

Children and young people work their way through Experiences and Outcomes in each of the five Curriculum Levels (Early, First, Second, Third, Fourth) and in each of the eight Curricular Areas. The five Curricular Levels span pre-school to the end of S3. This is the Broad General Education. Pupils progress at their own pace, working through the Experiences and Outcomes of the most appropriate level for them. Pupils will be supported in collecting evidence of their achievements, with a profile of these being produced in P7 and S3.

CfE also includes Languages, Expressive arts, Religious and moral education, Sciences, Social studies and Technologies. The responsibility for the curriculum offer in your school sits with the Headteacher.

At Noblehill we deliver core programmes for:

- Literacy (Reading, Writing, Listening & Talking and Modern Languages)
- Numeracy & Maths
- Health & Wellbeing
- Technologies (ICT, Food, Textiles and Design)
- Expressive Arts (Art, Music, Dance & Drama)
- Social Studies
- Science
- RME

When planning the delivery of the curriculum, class teachers will contextualise subjects into an interdisciplinary approach. This enables children to see the connection between learning and apply skills in different contexts. Where relevant, we work with our partners and local community to provide opportunities for children to learn from real life contexts.

Staff continually assess, plan and deliver a wide variety of learning through a range of teaching approaches including play, curiosity approach, outdoor learning, stem digital learning and more to ensure that all children's preferred learning styles are met. Learning is appropriately differentiated and scaffolded to meet the needs of learners across the school and to provide stretch and challenge to those youngsters who need it.

We consider a broad range of learning needs throughout our school and provide specialist intervention to those who need it, to ensure that all children make progress particularly in literacy and numeracy.

We look to ensure that we provide enhanced curricular opportunities for all learners through trips and visits or visits from partners into school.

We offer opportunities within the community and further afield for children to represent the school and use their strengths, talents and interests in real life contexts.

Parental Involvement and Engagement

Parent/Carers and the Parent Council

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

- Receive information about the school and its activities
- Hear about what partnership with parents means in our school
- Be invited to be involved in ways and times that suit you
- Identify issues you want the parent council to work on with the school
- Be asked your opinion by the parent council on issues relating to the school and education it provides
- Work in partnership with staff
- Enjoy taking part in school life in whatever way possible

Parentzone Scotland

<https://education.gov.scot/parentzone> information about the Curriculum and how you can be involved in your child's learning.

How is my child doing?

There will be several opportunities for you to discuss your child's progress. This may be through informal discussion with the teacher or at Parents' Nights/ Learning Conversations, formal reports or for some it may be through more formal, focussed meetings with other agencies.

Helping Your Child and Family Learning

Class teachers will allocate home learning activities as appropriate across the year to support, reinforce and extend learning. All classes provide phonics/spelling and tricky words, number or maths activities and reading. These opportunities not only allow learners to extend or reinforce their learning at home but also to share what they do in class with you, their families.

We will strive to offer opportunities for families to join us within school to have fun and learn alongside their children, offer their views, help us to self-evaluate and give their opinions on what we do well or could do better.

We have an open-door policy and want to maintain good links and relationships with all of our families. We hope that we can support you and your children throughout your time with us and ask that parents work with us, communicate respectfully to give compliments, complaints and comments and allow us to continue to develop and improve to get the best for all children!

We work in partnership with other agencies who may, at times, also work with you at home.

Support for All

Support for Learners

All children receive support at school and nursery to help them learn. 'Additional support for learning' is how we describe any support that is extra or different to the help that most children receive. Most of this additional support is provided by teachers in mainstream classes, focussed on learning and support to be fully involved in school life. For the majority of children and young people this will be delivered in a mainstream classroom supported by their classroom teacher for a few this will mean some additional support alongside the classroom teacher, and for a very few this will be part-time or full-time provision in a school with a learning centre or an inclusion base.

More information is available at www.dumgal.gov.uk and on page 18 of our [Education Authority Handbook](#)

Getting It Right For Every Child (GIRFEC)

You are the expert on your child and what you think matters. Getting it right for every child (GIRFEC) means that the School will always seek to involve you, to listen to your opinions and take them seriously.

More information is available at www.dumgal.gov.uk/girfec and on page 20 of our [Education Authority Handbook](#)

Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well.

Further information can be found at <http://www.dumgal.gov.uk/article/16640/Support-for-children-and-families>

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

Enrolment in Schools - School Places

Information on enrolment in school and catchment areas is available at <http://www.dumgal.gov.uk/article/15241/School-places> Information regarding catchment areas can be found on the Council's website by accessing "Find My Nearest".

School Improvements

Each year the school will publish a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents. The plan indicates the expected impact of priorities on pupil learning, as well as providing brief information about the key tasks to be taken forward. Both the report and the plan are published on the school's web-site and are also available in hard copy, on request. A copy can also be found by searching for your school at www.dumgal.gov.uk/schools

Our Key Priorities this year are to review and develop our curriculum offer and planning to support learning pathways for all children and to ensure we are developing the appropriate skills for Learning, Life and Work. We are also looking to review our assessment to ensure that we have the most relevant assessment happening consistently at the right time to inform next steps for all of our learners.

Health and Safety

Emergency Procedures (including Safer Together Guidance)

If your child feels unwell or have hurt themselves during the school day they must report this to an adult in the school. If we feel that they would be better at home we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. **Please remember that if your child stays in more than one home setting contact details should take account of this.**

Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

For more information see our [Authority Handbook](#)

Severe Weather and School Closure Arrangements

Headteachers are authorised to make an emergency closure when the state of the weather or any other exceptional circumstance make it necessary in the best interests of the pupils. In these circumstances parents will be communicated with in a variety of ways including text messages/ phone calls and emergency contact arrangements. All school closures will be notified on the Council Website.

Use of the Internet, Social Networking Sites

As part of the process of learning we allow our children supervised access to the Internet and e-mail. The authority runs its own filter system to ensure that young people are not at risk from exposure to inappropriate material. This filtering system is regularly being upgraded. We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.
