Communicating with home

Our primary method of communication with parents is via our free school app, 'My School App'. We also provide a monthly newsletter to parents with news from our school.

Due to the size of our school, the school office is not manned on a full-time basis. Where office staff are not available the telephone answering machine will be activated. If your enquiry is not urgent please leave a message, we will endeavour to return the call as soon as possible.

Our school has a productive and supportive relationship with our families. Parents are welcome to come and speak to appropriate school staff to discuss their child's learning experience. We work as a team to provide the best for your child.

Welcome from the Head Teacher

Dear Parent / Carer

School Aims, Values and Ethos

Vision:

At Eaglesfield Primary School we strongly believe in the power of education to change lives. Learning transforms the lives of our children, therefore our core business as a school is in supporting, challenging and inspiring young people to learn. Positive relationships of mutual respect are at the heart of our nurturing and inclusive ethos and we believe that getting the relationships right in our school and wider school community, has a direct, positive impact on the learning experiences of our children. Through enacting our school values each day and striving for the highest standards across everything we do, we will provide an environment that enables everyone to thrive.

Values:

“It takes a village to RAISE a child.”

Raise:

- R Relationships: we all work with each other and for each other, children and adults alike. We firmly believe that better relationships result in better schools.
- A Ambition: our children will be challenged in their learning; gently nudged and supported out of their comfort zones and experience new things. It is our job as a school to open our children’s eyes to a world of possibilities. We have high expectations of our children and we help them to achieve their very best.
- I Inclusion: everybody in our school counts. Everybody matters. Everyone is welcome. Everybody gets the right help they need to thrive.
- S Support: Pupils, parents, staff and other stakeholders’ views are actively sought, listened to and acted upon. The school belongs to all of us; we are a team that wants the very best for every one of our children and their families. We will work together to provide a culture where all stakeholders of the school support one another.
- E Enjoyment: school should be fun! We want our children to be engaged, active participants in their learning experiences. We strive to show the joy and wonder in learning new things.

Positive Behaviour and Celebrating Success

In partnership with pupils, staff and families, our school has created a Positive Relationships Policy which sets out our agreed expectations and aims in respect of behaviour and celebrating success. The aim of this policy is to make a clear commitment to develop and maintain a respectful, equitable and inclusive culture and ethos within our school. We are an environment that promotes respect, celebrates difference and promotes positive relationships between all children, young people and adults. We firmly believe that in doing this, we are less likely to see negative behaviour and/or bullying and provide an environment in our school that enables everyone to thrive.

This policy seeks to do the following:
Set out the policy landscape in which the school sits.

Define the scope of the school in terms of behaviour and bullying.

Define positive and negative behaviours and bullying.

Outline how school addresses negative behaviour and/or bullying.

Outline how the school praises and highlights positive behaviour.

Include the views and feedback of pupils, parents/ carers and staff who have been consulted on this policy.

Curriculum for Excellence

Curriculum for Excellence (CfE), now known as 'Scotland's Curriculum,' is bringing learning to life in the way education is delivered for all 3-18 year olds in nursery, primary, secondary, at college and via workplace or community learning. It aims to respond and adapt flexibly to meet the needs of an ever changing and evolving world and Scotland's place within it. At its heart lies a constant commitment and drive towards excellence and equity, to raise standards, improve knowledge, develop skills for all learners and close the gap between the lowest and highest achievers by ensuring everyone has an equal opportunity to be successful, no matter what their background or circumstances. Ultimately, it aims to nurture children and young people as successful learners, confident individuals, effective contributors and responsible citizens.

Broad General Education

Children and young people work their way through Experiences and Outcomes in each of the five Curriculum Levels (Early, First, Second, Third, Fourth) and in each of the eight Curricular Areas. The five Curricular Levels span pre-school to the end of S3. This is the Broad General Education. Pupils progress at their own pace, working through the Experiences and Outcomes of the most appropriate level for them. Pupils will be supported in collecting evidence of their achievements, with a profile of these being produced in P7 and S3.

CfE also includes Languages, Expressive arts, Religious and moral education, Sciences, Social studies and Technologies. The responsibility for the curriculum offer in your school sits with the Headteacher.

The school recognises the importance of wider achievement across the contexts of learning and personal achievement. Achievements are recognised through assemblies, pupil of the week award and head teacher awards. We also recognise that effort is extremely important and each term we award a trophy for effort: this could be something inside of school or outside in local clubs or the community. Children can take their trophy home for parents to see and celebrate with their child but we ask that they come back to school the following day so that they are reminder to everyone that effort as well as achievement brings rewards

Parental Involvement and Engagement

Parent/Carers and the Parent Council

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

<https://education.gov.scot/parentzone> information about the Curriculum and how you can be involved in your child's learning.

How is my child doing?

There will be several opportunities for you to discuss your child's progress. This may be through informal discussion with the teacher or at Parents' Nights/ Learning Conversations, formal reports or for some it may be through more formal, focussed meetings with other agencies.

Helping Your Child and Family Learning

We operate a regular homework programme:

- To reinforce and revise class work
- To promote responsibility for pupils' own learning
- To promote home/school links.

All pupils follow a weekly homework programme, which may include reading, spelling, maths and additional activities relating to class work. Children are given reading throughout the week. This should be heard by an adult until the child starts to read longer more complex books. At this point parents should ask their children about their reading once they are finished. This encourages the child to think about what they have read and improves their comprehension skills.

We really appreciate the time spent by parents encouraging and supporting their child with homework. This builds up a routine and attitude which will help them greatly in life beyond primary school. We encourage you to work with your child to ensure work is neat and well presented, giving your child help and support when it is needed. It is important be encouraged without pressuring.

Homework will be given at the discretion of each class teacher. Homework expectations will reflect the age and academic stage of each individual child.

Support for All

Support for Learners

All children receive support at school and nursery to help them learn. 'Additional support for learning' is how we describe any support that is extra or different to the help that most children receive. Most of this additional support is provided by teachers in mainstream classes, focussed on learning and support to be fully involved in school life. For the majority of children and young people this will be delivered in a mainstream classroom supported by their classroom teacher for a few this will mean some additional support alongside the classroom teacher, and for a very few this will be part-time or full-time provision in a school with a learning centre or an inclusion base.

Getting It Right For Every Child (GIRFEC)

You are the expert on your child and what you think matters. Getting it right for every child (GIRFEC) means that the School will always seek to involve you, to listen to your opinions and take them seriously.

More information is available at www.dumgal.gov.uk/girfec and on page 20 of our [Education Authority Handbook](#)

Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well.

Further information can be found at <http://www.dumgal.gov.uk/article/16640/Support-for-children-and-families>

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

Enrolment in Schools - School Places

Information on enrolment in school and catchment areas is available at <http://www.dumgal.gov.uk/article/15241/School-places> Information regarding catchment areas can be found on the Council's website by accessing "Find My Nearest".

School Improvements

Each year the school will publish a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents and a robust programme of self-evaluation. The plan indicates the expected impact of priorities on pupil learning, as well as providing brief information about the key tasks to be taken forward. Both the report and the plan are published on the school's web-site and are also available in hard copy, on request. A copy can also be found by searching for your school at www.dumgal.gov.uk/schools

In the 2024/25 academic session, our school improvement priorities are focussed on:

- Establishing and embedding a clear and shared set of vision, values and aims across the school partnership.
- Continuing to raise attainment through high quality

teaching and learning experiences and effective approaches to assessment.

- Further development of shared and documented approaches to wellbeing that are inclusive of all learners and allow all learners to maximise their successes and achievements.

Further information available in school and on our app.

Health and Safety

Emergency Procedures (including Safer Together Guidance)

If your child feels unwell or have hurt themselves during the school day they must report this to an adult in the school. If we feel that they would be better at home we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. **Please remember that if your child stays in more than one home setting contact details should take account of this.**

Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

For more information see our [Authority Handbook](#)

Severe Weather and School Closure Arrangements

Headteachers are authorised to make an emergency closure when the state of the weather or any other exceptional circumstance make it necessary in the best interests of the pupils. In these circumstances parents will be communicated with in a variety of ways including text messages/ phone calls and emergency contact arrangements. All school closures will be notified on the Council Website.

Use of the Internet, Social Networking Sites

As part of the process of learning we allow our children supervised access to the Internet and e-mail. The authority runs its own filter system to ensure that young people are not at risk from exposure to inappropriate material. This filtering system is regularly being upgraded. We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.
